SentLive will only disclose this information to other Contacts in the child's device that are added to the SentLive app and thus already have permission to access this information, and the child will be able to send and receive messages to and from these Contacts.

SentLive may also share personal information, including location data, collected from a child under 13 with our third party service providers or partners, as described in our Privacy Policy (<https://sentlive.com/privacy>). However, we will not use or share personal information associated with any account for a child under 13 with third party partners for advertising purposes.
